

BEING A SCIENTIST!

A panel discussion for community college students and faculty

STUDENTS and faculty are invited to a lunchtime discussion from 12:00 - 1:00 pm on Thursday, March 20 at the Mississippi Academy of Sciences Annual Meeting (**room: B5-B6**).

SCIENCE isn't just a collection of facts. It's a method of investigating and learning about the world. Our panelists will discuss how scientists select problems to investigate, how they develop research projects, and how students can as well. The panelists will also answer questions.

A limited number of tickets that can be redeemed for lunch at the concession stands will be available.

THE PANELISTS

Dr. Emran Ali, Horticulture, Alcorn State

Dr. Pavl Boudreau, Bacterial Chemistry, University of Mississippi

Dr. Nikki Camlin, Reproductive Biology, USM

Dr. Galen Collins, Cellular and Molecular Biology, Mississippi State

Dr. James Stewart, Pharmacology, University of Mississippi

Moderator: **Dr. Julie Pigza**, Organic Chemistry, USM
